

## *INTRO for KAZ*

What do over 20,000 teenagers, 4000 athletes, 400 organizations worldwide, dozens of Olympic athletes and 2 dogs have in common? **(please don't pause here)**

They've all had the great pleasure of being **enlightened** and **entertained** by our next speaker.

From the moment she steps onto the platform, **KAZ** portrays both an **electrifying energy** and style all her own.

She has an incredible gift of weaving a tapestry of **wit** and **wisdom** into a message that is easily understood and applied by all.

With heaps of honors, such as being named to the World Who's Who of Women, the International Who's Who of Intellectuals, and Best Mom of the Year (by her 2 dogs), she truly lives her motto of "I'd rather **wear out**, than rust out!"

Today you'll find how **KAZ's** unique background from bartender to college professor, to Corporate Wellness Director and professional speaker..... and many sundry jobs in between, has given her experiences that support her beliefs of "**Competitive Balance**" and have lead her to be known as the "QUEEN OF QUESTIONS."

She'll share how she went from broke, broken, homeless and hopeless, to holistically **healthy**, unbelievably **happy** and incredibly **hip**!
